Forget boring cats... and birds? Are you kidding me? I believe it is dogs that certainly make the best pets! Dogs are loyal, affectionate, and active animals, making them the perfect family pet.

Firstly, everyone knows that dogs are the most loyal of pets. They will cuddle with you when you are sick, they love to spend time with you, play with you, and they will

even guard your house.

Additionally, dogs are easily the most affectionate pet a person could have.

Dogs love to be hugged and they are just so excited to see you when you get home. Think about it - what other pet will run, jump up and hug you as soon as you walk through the door!

Finally, dogs are active animals. They require regular walking, which means that people who walk their dogs will also get regular exercise which is a nice little bonus!

In conclusion, I am absolutely paws-itive that dogs make the best pet for families. This is because of their loyalty, affectionate nature and active lifestyle. Dogs Rule!
